COPING WITH COVID-19

Best Practices for Public Safety

As first responders work around the clock to assess and mitigate the COVID-19 spread nationwide, we stand with you. And we're here to help.

Join us this Thursday and Friday to learn directly from first responders on the front lines about how they're handling street operations; dealing with potential infections among their own; preparing and sanitizing their stations and equipment; and ensuring they have the technology they need to effectively communicate.

Best Practices for Fire/EMS

Thursday, March 26 | 1:30pm-3pm ET / 10:30am-Noon PT
